Chapter 2 Debits and Credits: Analyzing and Recording Business Transactions

2.1 Learning Objective 2-1

1) Accounts Payable had a normal starting balance of $900. There were debit postings of $100 and credit postings of $450 during the month. The ending balance is:
A) $1,250 credit.
B) $1,450 debit.
C) $1,250 debit.
D) $1,450 credit.
Answer: A
Explanation: ($900 - $100) + $450 = $1,250
Diff: 2
LO: 2-1
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

2) The beginning balance in the Equipment account was $4,000. The company purchased an additional $1,000 worth of Equipment. The ending balance in the account is:
A) debit of $3,000.
B) credit of $4,000.
C) debit of $5,000.
D) credit of $3,000.
Answer: C
Explanation: $4,000 + $1,000 = $5,000
Diff: 1
LO: 2-1
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

3) An accounting tool used to record increases and decreases in individual Assets, Liabilities, Capital, Revenue, Expenses, and Owner's Drawing is a(n):
A) chart of accounts.
B) account.
C) trial balance.
D) footing.
Answer: B
Diff: 2
LO: 2-1
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

4) A formal account that has columns for date, explanation, posting reference, debit, and credit is called the:
A) T account.
B) standard account form.
C) ledger.
D) chart of accounts.
Answer: B
Diff: 2
LO: 2-1
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

5) A ledger:
A) includes all company accounts and their related balances.
B) can replace the financial statements.
C) is the same as a chart of accounts.
D) is known as a worksheet.
Answer: A
Diff: 1
LO: 2-1
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

6) The right side of any account is the:
A) debit side.
B) credit side.
C) ending balance.
D) beginning balance.
Answer: B
Diff: 1
LO: 2-1
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

7) The left side of any account is the:
A) debit side.
B) credit side.
C) ending balance.
D) beginning balance.
Answer: A
Diff: 1
LO: 2-1
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

8) An account is said to have a debit balance if:
A) the footing of the debits exceeds the footing of the credits.
B) there are more entries on the debit side than on the credit side.
C) its normal balance is debit without regard to the amounts or number of entries on the debit side.
D) the last entry of the accounting period was posted on the debit side.
Answer: A
Diff: 2
LO: 2-1
AACSB: Analytical Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

9) The ledger is:
A) a group of accounts that records results from business transactions.
B) a tool used to ensure that all accounts have normal balances.
C) a chronological record of the day's transactions.
D) a tool used to ensure that debits equal credits.
Answer: A
Diff: 1
LO: 2-1
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

10) The credit side is always the left side of the account.
Answer: FALSE
Diff: 1
LO: 2-1
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

11) A T account is used for demonstration purposes.
Answer: TRUE
Diff: 2
LO: 2-1
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

12) Explain the difference between expenses and withdrawals.
Answer: A withdrawal is used for recording the owner's withdrawal of company assets for personal use, and not related to the business. Expenses are costs the company incurs in carrying on operations in its effort to create revenues.
Diff: 2
LO: 2-1
AACSB: Written and Oral Communication
Learning Outcome: Define accounting terms, accounting concepts and principles

2.2 Learning Objective 2-2

1) A compound entry is:
A) a transaction involving more than one debit and/or credit.
B) used to prepare the trial balance.
C) to duplicate an entry.
D) found on the income statement.
Answer: A
Diff: 1
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

2) The rules of debit and credit require increases to be posted to the:
A) debit side.
B) credit side.
C) normal balance.
D) None of these answers is correct.
Answer: C
Diff: 1
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

3) The Accounts Payable account is:
A) a capital, and it has a normal debit balance.
B) a withdrawal, and has a normal credit balance.
C) a liability, and it has a normal debit balance.
D) a liability, and it has a normal credit balance.
Answer: D
Diff: 1
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

4) An account that would be increased by a credit is:
A) Cash.
B) Prepaid Expense.
C) Utilities Expense.
D) Unearned Revenue.
Answer: D
Diff: 1
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

5) A debit may signify a(n):
A) increase in Asset account.
B) decrease in Revenue account.
C) decrease in the Liability account.
D) All of the above
Answer: D
Diff: 1
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

6) A credit may signify a(n):
A) increase in assets.
B) decrease in liabilities.
C) increase in revenue.
D) increase in withdrawals.
Answer: C
Diff: 1
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

7) Which of the following types of accounts has a normal credit balance?
A) Withdrawals
B) Assets
C) Expenses
D) None of the above
Answer: D
Diff: 1
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

8) Which of the following types of accounts has a normal debit balance?
A) Withdrawals
B) Assets
C) Expenses
D) All of these answers are correct.
Answer: D
Diff: 1
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

9) When recording transactions in two or more accounts and the totals of the debits and credits are equal, it is called:
A) debiting.
B) crediting.
C) balancing.
D) double-entry bookkeeping.
Answer: D
Diff: 1
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

10) Which of the following groups of accounts have a normal debit balance?
A) Revenue, liabilities, and expenses
B) Assets, capital, and withdrawals
C) Liabilities, expenses, and assets
D) Assets, expenses, and withdrawals
Answer: D
Diff: 2
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

11) Which of the following accounts would be increased by a debit?
A) Supplies
B) Accounts Payable
C) Capital
D) Service Revenue
Answer: A
Diff: 1
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

12) What is a proper entry to show the owner making an investment in the company?
A) A credit to Cash and a debit to Capital
B) A debit to Cash and a credit to Capital
C) A debit to Cash and a credit to Revenue
D) A credit to Cash and a debit to Revenue
Answer: B
Diff: 1
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

13) Which of the following entries would be used to record the billing of fees earned?
A) Debit Accounts Receivable and credit Rental Fees
B) Credit Cash and credit Rental Fees
C) Debit Accounts Payable and credit Rental Fees
D) Debit Rental Fees, credit Accounts Receivable.
Answer: A
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

14) Which of the statements of the rules of debit and credit is true?
A) Decrease Accounts Receivable with a credit and the normal balance is a credit.
B) Increase Accounts Payable with a credit and the normal balance is a credit.
C) Increase Revenue with a debit and the normal balance is a debit.
D) Decrease Cash with a debit and the normal balance is a debit.
Answer: B
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

15) Which of the following entries records the investment of cash by Sam, owner of a sole proprietorship?
A) Debit John, Capital; credit Cash
B) Debit Cash; credit Revenue
C) Debit Sam, Withdrawals; credit Revenue
D) Debit Cash; credit Sam, Capital
Answer: D
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

16) Bill, owner of Bill's Golf Center, withdrew $1,600 in cash from the business. Record the transaction by:
A) debiting Bill, Withdrawals, $1,600; crediting Cash, $1,600.
B) debiting Accounts Receivable, $1,600; crediting Cash, $1,600.
C) debiting Expense, $1,600; crediting Cash, $1,600.
D) debiting Bill, Withdrawals, $1,600; crediting Bill, Capital, $1,600.
Answer: A
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

17) The entry to record Tom's payment of a home telephone bill is:
A) debit Accounts Payable; credit Telephone Expense.
B) debit Tom, Withdrawals; credit Cash.
C) debit Telephone Expense; credit Cash.
D) debit Tom, Withdrawals; credit Accounts Payable.
Answer: B
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

18) Excel Home bought painting equipment on account for $5,000. The entry would include:
A) debit to Supplies Expense, $5,000; credit to Cash, $5,000.
B) debit to Equipment, $5,000; credit to Cash, $5,000.
C) debit to Equipment, $5,000; credit to Accounts Payable, $5,000.
D) debit to Supplies Expense, $5,000; credit to Accounts Payable, $5,000.
Answer: C
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

19) The owner of BobCats R Us paid his personal Visa Card bill using a company check. The correct entry to record the transaction is:
A) credit Cash; debit Capital.
B) credit Cash; debit Supplies Expense.
C) credit Cash; debit Withdrawals.
D) credit Cash; debit Accounts Payable.
Answer: C
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

20) Susan flew to San Francisco on a business trip that will be reimbursed by her employer. The purchase price of the ticket was $800 and it was bought on account. The entry to record the transaction is:
A) debit Accounts Payable, $800; credit Travel Expense, $800.
B) debit Capital, $800; credit Accounts Payable, $800.
C) debit Travel Expense, $800; credit Accounts Payable, $800.
D) debit Travel Expense, $800; credit Cash, $800.
Answer: C
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

21) The Accounts Payable account has total credit postings of $2,500 and debit postings of $1,500. The balance of the account is:
A) $1,000 debit.
B) $1,000 credit.
C) $4,000 credit.
D) $4,000 debit.
Answer: A
Explanation: $2,500 - $1,500 = $1,000
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

22) The Salaries Payable account has total debit postings of $1,100 and credit postings of $1,500. The ending balance of the account is:
A) $2,600 debit.
B) $400 credit.
C) $2,600 credit.
D) $400 debit.
Answer: B
Explanation: $1,500 - $1,100 = $400
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

23) Office Supplies had a normal starting balance of $95. There were debit postings of $120 and credit postings of $60 during the month. The ending balance of the account is:
A) $85 debit.
B) $85 credit.
C) $155 debit.
D) $155 credit.
Answer: C
Explanation: ($95 + $120) - $60 = $155
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

24) Accounts Payable has a normal balance of $1,100. After paying to creditors $300, the balance in the account is:
A) debit $800.
B) debit $1,400.
C) credit $800.
D) credit $1,400.
Answer: A
Explanation: $1,100 - $300 = $800
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

25) The beginning balance in Cash was $5,000. Additional cash of $2,600 was received. Checks were written totaling $3,300. The ending balance in cash is:
A) $2,400.
B) $7,600.
C) $5,700.
D) $4,300.
Answer: D
Explanation: ($5,000 + $2,600) - $3,300 = $4,300
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

26) A credit to an asset account was posted as a credit to the Revenue account. This error would cause:
A) revenue to be overstated.
B) liabilities to be overstated.
C) capital to be understated.
D) Both A and C are correct.
Answer: A
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

27) A credit to a liability account was posted as a credit to an expense account. This error would cause:
A) assets to be overstated.
B) liabilities to be overstated.
C) expenses to be overstated.
D) liabilities to be understated.
Answer: D
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

28) A debit to an expense account was posted as a debit to a revenue account. This error would cause:
A) assets to be overstated.
B) expenses to be overstated.
C) revenue to be understated.
D) None of the above is correct.
Answer: C
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

29) A credit to an asset account was posted as a credit to a revenue account. This error would cause:
A) assets to be overstated.
B) revenue to be overstated.
C) expenses to be overstated.
D) Both A and B are correct.
Answer: B
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

30) A credit to a liability account was posted as a debit to the Revenue account. This error would cause:
A) Liability to be overstated.
B) Revenue to be understated.
C) Revenue to be overstated.
D) None of the above is correct.
Answer: B
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

31) A debit to an asset account was posted as a debit to an expense account. This error would cause:
A) liabilities to be overstated.
B) expenses to be overstated.
C) assets to be understated.
D) Both B and C are correct.
Answer: D
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

32) A debit to a Liability account was posted as a debit to an Asset account. This error would cause:
A) Asset to be understated.
B) Liabilities to be understated.
C) Asset to be overstated.
D) None of the above is correct.
Answer: C
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

33) A debit to an asset account was posted as a debit to a liability account. This error would cause:
A) assets to be understated.
B) liabilities to be overstated.
C) capital to be understated.
D) None of the above is correct.
Answer: A
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

34) The chart of accounts:
A) is a numbered list of all of the business's accounts.
B) allows accounts to be located quickly.
C) can be expanded as the business grows.
D) All of the above are correct.
Answer: D
Diff: 1
LO: 2-2
AACSB: Reflective Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

35) A credit to an asset account was posted as a credit to a liability account. This error would cause:
A) assets to be understated.
B) liabilities to be overstated.
C) capital to be understated.
D) None of the above is correct.
Answer: B
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

36) The business incurred an expense and planned to pay for the expense later on credit. To record this:
A) an expense is debited and a liability is credited.
B) an expense is debited and an asset is credited.
C) an asset is debited and asset is credited.
D) None of the above answers are correct.
Answer: A
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

37) The business provided services for cash. To record this:
A) an asset is credited and a liability is credited.
B) an asset is credited and a revenue is credited.
C) an expense is debited and Capital is credited.
D) None of the above answers are correct.
Answer: B
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

38) The owner invested a personal truck in the business. To record this transaction:
A) debit Equipment and credit Revenue.
B) debit Accounts Payable and credit Equipment.
C) debit Equipment and credit Capital.
D) credit Equipment and debit Capital.
Answer: C
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

39) Which of the following errors would cause the trial balance to be out of balance?
A) An entry is posted twice.
B) An entry is not posted at all.
C) A debit is entered as $500 and the credit is entered at $5,000.
D) None of the above answers are correct.
Answer: C
Diff: 3
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

40) The business bought supplies on account. To record this:
A) an expense is debited and a liability is credited.
B) an asset is debited and a liability is credited.
C) an asset is credited and a liability is credited.
D) None of the above answers are correct.
Answer: B
Diff: 1
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

41) A liability would be debited and an asset credited if:
A) the business paid a creditor.
B) the business incurred an expense and did not pay the expense immediately.
C) the business bought supplies on account.
D) the business bought supplies for cash.
Answer: A
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

42) One asset would be debited and another credited if:
A) the business provided services to a cash customer.
B) the business paid a creditor.
C) the business bought supplies paying cash.
D) the business provided services to a credit customer.
Answer: C
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

43) An asset would be debited and another asset credited if:
A) the business bought supplies for cash.
B) the business incurred an expense and paid it.
C) the business bought equipment on account.
D) None of these is correct.
Answer: A
Diff: 2
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

44) What would be the effect on the accounts if the business provided services to a customer on account?
A) An asset would be debited and an expense credited.
B) Capital would be debited and Revenue credited.
C) An asset would be debited and Revenue credited.
D) An asset would be debited and Capital credited.
Answer: C
Diff: 1
LO: 2-2
AACSB: Analytical Thinking
Learning Outcome: Analyze and record transactions and their effects on the financial statements

45) What would be the effect on the accounts if the business provided services to a credit customer?
A) An asset would be debited and an expense debited.
B) Capital would be credited and Revenue credited.
C) An asset would be debited and Revenue credited.

AACSB: Analytical Thinking
Learning Outcome: Define accounting terms, accounting concepts and principles

72) Why is Revenue increased on the Credit side? (Explain as it pertains to the expanded accounting equation and its relationship to Owner's Equity.)
Answer: Revenue is an increase to owner's equity; Capital is increased on the credit side.
Diff: 1
LO: 2-2
AACSB: Written and Oral Communication
Learning Outcome: Define accounting terms, accounting concepts and principles

73) Selected accounts from the ledger of Thomas Company appear below. For each account, indicate the following:
a. In the first column at right, indicate the type of each account using the following abbreviations:
Asset - A   Revenue - R   None of the above - N   Liability - L   Expense - E
b. In the second column, indicate the normal balance of the account by inserting a Dr. or Cr.

Account	Type of Account	Normal Balance
1. Office Supplies	______	______
2. Accounts Receivable	______	______
3. Fees Earned	______	______
4. Thomas, Withdrawals	______	______
5. Accounts Payable	______	______
6. Salaries Expense	______	______
7. Thomas, Capital	______	______
8. Accounts Receivable	______	______
9. Equipment	______	______
10. Telephone Expense	______	______

Answer:

Account	Type of Account	Normal Balance
1. Office Supplies	A	Dr
2. Accounts Receivable	A	Dr
3. Fees Earned	R	Cr
4. Thomas, Withdrawals	N	Dr
5. Accounts Payable	L	Cr
6. Salaries Expense	E	Dr
7. Thomas, Capital	N	Cr
8. Accounts Receivable	A	Dr
9. Equipment	A	Dr
10. Telephone Expense	E	Dr
