## CHAPTER 2

### NEW COMPANY SET UP AND CHART OF ACCOUNTS

#### INSTRUCTOR'S MANUAL

#### OBJECTIVES

1. Set up the QuickBooks company, Student Name Sales and Service (use your first and last name).
2. Complete account and settings.
3. Import the Chart of Accounts, edit default accounts, and add new accounts.
4. Save the Chart of Accounts as Excel and PDF files.
5. Use QuickBooks Online on a different computer.
6. Learn about user roles and access rights.
7. View the Audit Log.
8. Complete the QuickBooks Resources and Activities.
9. Complete Check Your Progress, Connect assignments, and Exercises 2-1, 2-2, 2-3, and Certification Q&A practice test.

#### QBO Tips

- Instructors use the Intuit Educator Portal to invite students to QuickBooks Online Plus. QBO+ includes a one-year subscription.
- For information about the Educator Portal, sign into Instructor Resources > Intuit Educator Portal.
- Using the non-expiring QBO Accountant version, professors can hyperlink to student work. Hyperlink from [Intuit's Educator Portal](#) (textbook pages 86-87). Sign into the Portal using your QBO Accountant credentials.
- QBOA includes free certification for professors – link to Pro Advisor training materials from the Portal's home page.
- For the Instructor login for Connect, contact your Learning Technology Representative at <https://shop.mheducation.com/store/paris/user/findltr.html>.
- Students should write down their User ID and Password. Each time QBO is started, the User ID and Password is needed. A code can also be sent to a cell phone.
- If your students want to access their Student Name Sales and Service account on a different computer, device, or location, refer to textbook pages 88-89, Using QuickBooks Online on a Different Computer.
- To import the chart of accounts, students use the Chapter 2\_Chart of Accounts.csv file. It is located within Additional Student Resources.

The screens that are shown in the textbook may differ from what students see. QBO updates are automatic. Regularly go online to Additional Student Resources > Student Edition > [Text Updates](#). Similar to other online apps, cloud software changes.

**NOTE TO PROFESSOR:** In Chapter 2, students set up a products and service business called Student Name Sales and Service. Students complete hands-on practice with this company in Chapters 2 through 12. Work is illustrated within the chapter, then

continued in the end-of-chapter exercises. Case Problem 1 (Your Name Accounting, a service business), and CP 2 (Tacoma Computer Club, a nonprofit organization) include additional companies. Using the Educator Portal, professors can invite their students to up to four companies for cloud accounting practice.

### INTUIT'S EDUCATOR PORTAL

The Educator Portal works with the professor's QuickBooks Online Accountant (QBOA) version. QBOA is *free* and does not expire. Educators and staff at accredited academic institutions in the United States are eligible. Professors can sign up for QBO Accountant from the website shown below, *or* from the Portal's website .

Sign into the

Educator Portal at <https://education-portal.app.intuit.com/app/dashboard> with QBOA's email and Password, *or* text a code. Watch the video on the Portal's Home page.

- Professors add their class.
- Upload their student list.
- Email a QBO invitation to their students.
- Add up to four blank companies for students.
- Hyperlink to each student's work (refer to pages 86-87).
- Set up demo companies for class preparation and practice.

*Computer Accounting with QuickBooks Online: A Cloud-Based Approach, 4e*, includes four companies for hands-on practice with QBO+.

**For detailed information, log into Instructor Resources > Intuit's Educator Portal.**

## QUICKBOOKS ONLINE UPDATES

QuickBooks Online software is dynamic, meaning updates are a regular feature. This is similar to other online updates; for example, banking apps, smartphone apps, and operating system updates. Many of the changes are more cosmetic than functional, but there are differences.

Updates may also change textbook screen illustrations. When changes occur, students should think deeply and be flexible when figuring out the differences between the software interface and the textbook steps and figures.

The authors suggest selecting from within QBO to help resolve differences, regularly check Text Updates, and monthly postings at <https://quickbooks.intuit.com/blog/whats-new/>.

### EXERCISE 2-1

Students add new accounts, and edit Chart of Accounts default accounts.

### EXERCISE 2-2

Students save the Chart of Accounts as an Adobe PDF file and export it to Excel. The suggested files names are **Exercise 2-2\_Chart of Accounts.pdf** and **Exercise 2-2\_Chart of Accounts.xlsx**.

### EXERCISE 2-3, PROBLEM SOLVING

Exercise 2-3 Problem Solving is available within Connect. In Connect, student responses are auto-graded.

On the Chart of Accounts, why are the account and detail type selections important? To explain the account and detail types, use 3 accounts – one asset, one liability and one expense account. Identify Account Type, Detail Type, Name, Number and financial statement.

The Account Type and Detail Type columns are important because they classify accounts for the financial statements. Student choices for accounts may vary.

Asset example:

Account Type	Detail Type	Name	Number	Financial Statement
Bank	Checking	Checking	101	Balance Sheet

Liability account:

Account Type	Detail Type	Name	Number	Financial Statement
Accounts Payable	Accounts Payable (A/P)	Accounts Payable (A/P)	201	Balance Sheet

Expense account:

Account Type	Detail Type	Name	Number	Financial Statement
Expenses	Office/General Administrative	Depreciation Expense	607	Profit and Loss

## CERTIFICATION Q&A PRACTICE TEST

Certification Q&A multiple-choice questions are available within Connect. Students can complete the practice test within Connect, and it is auto-graded.

For Chapters 1 through 12, the Certification practice test includes 10 multiple-choice questions for each chapter. Certification Q&A is mapped to the QuickBooks Certification Exam Objectives. To see how the chapters are aligned with the exam objectives, go online to

Instructor Resources > Certification Exam Objectives > open the QBO Certification Exam Objectives file.

Certification Q&A, is aligned with these exam objectives: Setup and Maintenance, List Management, and Reports.
