## Chapter 2—Analyzing Transactions: The Accounting Equation

1. A business entity is an individual, association, or organization with control over economic resources and which engages in economic activities.

- a. True
- b. False

**ANSWER:** True  
**POINTS:** 1  
**DIFFICULTY:** Easy  
**LEARNING OBJECTIVES:** COLL.HEIN.17.1 - LO: 2-1  
**ACCREDITING STANDARDS:** AICPA BB-Industry  
BUSPROG: Communication  
**TOPICS:** ACBSP: APC-03-Business Forms  
**KEYWORDS:** Bloom's: Remembering  
**NOTES:** 1 min.

2. Liabilities represent an "inside" interest in a business.

- a. True
- b. False

**ANSWER:** False  
**POINTS:** 1  
**DIFFICULTY:** Easy  
**LEARNING OBJECTIVES:** COLL.HEIN.17.1 - LO: 2-1  
**ACCREDITING STANDARDS:** AICPA BB-Industry  
BUSPROG: Communication  
**TOPICS:** ACBSP: APC-03-Business Forms  
**KEYWORDS:** Bloom's: Remembering  
**NOTES:** 1 min.

3. The accounting equation shows the relationship among the three basic accounting elements—assets, expenses, and owner's equity.

- a. True
- b. False

**ANSWER:** False  
**POINTS:** 1  
**DIFFICULTY:** Easy  
**LEARNING OBJECTIVES:** COLL.HEIN.17.2 - LO: 2-2  
**ACCREDITING STANDARDS:** AICPA BB-Industry  
BUSPROG: Communication  
**TOPICS:** ACBSP: APC-02-GAAP  
**KEYWORDS:** Bloom's: Remembering  
**NOTES:** 1 min.

4. If owner's equity and liabilities increased during the period, then assets must also have increased.

- a. True
- b. False

**ANSWER:** True

## Chapter 2—Analyzing Transactions: The Accounting Equation

**POINTS:** 1  
**DIFFICULTY:** Easy  
**LEARNING OBJECTIVES:** COLL.HEIN.17.2 - LO: 2-2  
**ACCREDITING STANDARDS:** AICPA BB-Industry  
BUSPROG: Communication  
**TOPICS:** ACBSP: APC-02-GAAP  
**KEYWORDS:** Bloom's: Remembering  
**NOTES:** 1 min.

5. An accounts payable is an unwritten promise to pay a supplier for assets purchased or services rendered.
- a. True
  - b. False

**ANSWER:** True  
**POINTS:** 1  
**DIFFICULTY:** Easy  
**LEARNING OBJECTIVES:** COLL.HEIN.17.1 - LO: 2-1  
**ACCREDITING STANDARDS:** AICPA BB-Industry  
BUSPROG: Communication  
**TOPICS:** ACBSP: APC-02-GAAP  
**KEYWORDS:** Bloom's: Remembering  
**NOTES:** 1 min.

6. If the revenue of a period exceeds the expenses, the excess represents a net loss.
- a. True
  - b. False

**ANSWER:** False  
**POINTS:** 1  
**DIFFICULTY:** Easy  
**LEARNING OBJECTIVES:** COLL.HEIN.17.3 - LO: 2-5  
**ACCREDITING STANDARDS:** AICPA BB-Industry  
BUSPROG: Communication  
**TOPICS:** ACBSP: APC-09-Financial Statements  
**KEYWORDS:** Bloom's: Evaluating  
**NOTES:** 1 min.

7. Any accounting period of twelve months' duration is usually referred to as a fiscal year.
- a. True
  - b. False

**ANSWER:** True  
**POINTS:** 1  
**DIFFICULTY:** Easy  
**LEARNING OBJECTIVES:** COLL.HEIN.17.3 - LO: 2-5  
**ACCREDITING STANDARDS:** AICPA BB-Industry  
BUSPROG: Communication  
**TOPICS:** ACBSP: APC-02-GAAP

## Chapter 2—Analyzing Transactions: The Accounting Equation

**KEYWORDS:** Bloom's: Remembering

**NOTES:** 1 min.

8. Revenues received during an accounting period increase owner's equity.

- a. True
- b. False

**ANSWER:** True

**POINTS:** 1

**DIFFICULTY:** Easy

**LEARNING OBJECTIVES:** COLL.HEIN.17.4 - LO: 2-4

**ACCREDITING STANDARDS:** AICPA BB-Industry  
BUSPROG: Communication

**TOPICS:** ACBSP: APC-09-Financial Statements

**KEYWORDS:** Bloom's: Remembering

**NOTES:** 1 min.

9. Since supplies last for several months, they are recorded as assets.

- a. True
- b. False

**ANSWER:** True

**POINTS:** 1

**DIFFICULTY:** Easy

**LEARNING OBJECTIVES:** COLL.HEIN.17.4 - LO: 2-4

**ACCREDITING STANDARDS:** AICPA FN-Measurement  
BUSPROG: Communication

**TOPICS:** ACBSP: APC-02-GAAP

**KEYWORDS:** Bloom's: Remembering

**NOTES:** 1 min.

10. Since insurance lasts for several months, it is recorded as owner's equity.

- a. True
- b. False

**ANSWER:** False

**POINTS:** 1

**DIFFICULTY:** Easy

**LEARNING OBJECTIVES:** COLL.HEIN.17.4 - LO: 2-4

**ACCREDITING STANDARDS:** AICPA FN-Measurement  
BUSPROG: Communication

**TOPICS:** ACBSP: APC-02-GAAP

**KEYWORDS:** Bloom's: Remembering

**NOTES:** 1 min.

11. The income statement provides information about events over a period of a month, year, or other period of time.

- a. True
- b. False

## Chapter 2—Analyzing Transactions: The Accounting Equation

**ANSWER:** True  
**POINTS:** 1  
**DIFFICULTY:** Easy  
**LEARNING OBJECTIVES:** COLL.HEIN.17.3 - LO: 2-5  
**ACCREDITING STANDARDS:** AICPA BB-Industry  
BUSPROG: Communication  
**TOPICS:** ACBSP: APC-09-Financial Statements  
**KEYWORDS:** Bloom's: Remembering  
**NOTES:** 1 min.

12. The terms "profit and loss statement" or "operating statement" are sometimes used as synonyms for the balance sheet.
- a. True
  - b. False

**ANSWER:** False  
**POINTS:** 1  
**DIFFICULTY:** Easy  
**LEARNING OBJECTIVES:** COLL.HEIN.17.3 - LO: 2-5  
**ACCREDITING STANDARDS:** AICPA BB-Industry  
BUSPROG: Communication

**NOTES:**

15 min.

43. Show the effects of each transaction on the accounting equation by indicating under the proper heading the dollar amount of increase or decrease for each transaction listed below. Compute the resulting accounting equation.

- Owner deposited \$20,000 in his new business checking account.
- Supplies were purchased for \$300 on account.
- Paid a \$1,200 premium for six months of liability insurance.
- Purchased supplies for \$200 cash.
- Purchased equipment for \$4,000 by paying \$1,000; the rest to be paid in six months.
- Paid the \$300 bill outstanding (from transaction b).
- Owner withdrew \$700 from the business for personal use.

NOTES: 15 min.

44. Madame Shira began a fortune telling business on May 1. The following transactions occurred:

- Owner Madame Shira invested \$5,000 cash in the business.
- Purchased \$2,000 of furniture with a down payment of \$500; the rest by issuing an account payable to be paid in three monthly installments.
- Paid \$700 rent.
- Purchased a crystal ball for \$300.
- Paid \$1,700 for a 12-month insurance policy.
- During the first month received \$2,500 from cash customers.
- Sent billings of \$2,000 for services rendered to credit customers.
- Paid assistant \$1,500 wages for the month.
- Received \$600 in payments from credit customers.
- Borrowed \$3,200 by signing a note.
- Made a \$500 payment on the furniture bill (from transaction 2).
- Owner withdrew \$300 cash for personal use.
- Paid bills for advertising \$60, utilities \$39, and repairs \$52.

### Required:

- Enter the above transactions in an accounting equation work sheet.
- Prepare an income statement for Madame Shira for the month of May.
- Prepare a statement of owner's equity for the month of May.

| <b>NOTES:</b>                 | 15 min.                                 |

47. Dr. Etana Jenson is a podiatrist. As of December 31, Jenson owned the following assets related to the professional practice:

|                  |         |                      |         |
|------------------|---------|----------------------|---------|
| Cash             | \$6,600 | X-ray Equipment      | \$9,000 |
| Office Equipment | 3,500   | Laboratory Equipment | 3,000   |

As of that date, Jenson owed business suppliers as follows:

|                                  |         |
|----------------------------------|---------|
| Top Flight Office Equipment Co.  | \$3,000 |
| Dunhill Medical Supplies Company | 1,000   |
| Island Gas Company               | 2,200   |

### Required:

- a. Compute the amount of assets, liabilities, and owners' equity as of December 31.

Assets = Liabilities + Owner's Equity

- b. Assuming that during January there is an increase of \$4,600 in Dr. Jenson's business assets and an increase of \$2,500 in the business liabilities, compute the resulting equation as of January 31.

- c. Assuming that during February there is a decrease of \$1,500 in assets and a decrease of \$1,200 in liabilities, compute the resulting accounting equation as of February

48. Kristin Holden started her own consulting business in July, 20--. During the first month, the following transactions occurred:

- Owner invested \$12,000 cash in the business.
- Purchased office equipment for \$7,500 cash.
- Purchased computer equipment costing \$11,500 on account.
- Paid \$1,100 office rent for the month.
- Received \$1,700 cash from a client for services rendered.
- Paid water bill for the month, \$170.
- Paid \$2,400 on account for computer equipment purchased in transaction (c).
- Paid the electric bill for the month, \$200.

### Required:

Record the effects of these transactions in an accounting equation worksheet.

| 3. There are only two types of business ownership: partnerships and sole proprietorships.                                                  | __F__          | _____              |
| 4. A business that produces a product to sell to retailers is called a merchandising business.                                             | __F__          | _____              |
| 5. A sole proprietorship can have multiple owners.                                                                                         | __F__          | _____              |
| 6. As explained in the text, there are six major steps in the accounting process.                                                          | __T__          | _____              |
| 7. The drawing account is used to record assets distributed by the business to the owner.                                                  | __T__          | _____              |
| 8. A business transaction usually requires an exchange between the business and another outside entity.                                    | __T__          | _____              |
| 9. Assets represent something owed to another business entity.                                                                             | __F__          | _____              |
| 10. In a business, capital is equal to cash.                                                                                               | __F__          | _____              |
| 11. When analyzing the effects of every business transaction, the accountant must always answer the following question: "What do I owe?"   | __F__          | _____              |
| 12. The concept that income determination can be made on a periodic basis is known as the accounting period concept.                       | __T__          | _____              |
| 13. Assets + Liabilities = Owner's Equity.                                                                                                 | __F__          | _____              |
| 14. The balance sheet reports the earnings of the business over time.                                                                      | __F__          | _____              |
| 15. The heading for all financial statements contains the company's name, the report title, and the date on which the report was prepared. | __F__          | _____              |

1&2-2

**Section B**

*Directions:* Complete each of the following statements by writing in the Answers column the letter of the word or words that correctly completes each statement or answers the question. (3 points each)

|                                                                                                                                                                                                                                                                                                                                                                        | <u>Answers</u> | <u>For Scoring</u> |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|--------------------|
| 1. Users of accounting information may include (A) owners; (B) managers; (C) creditors; (D) government agencies; (E) all of these.                                                                                                                                                                                                                                     | <u>  E  </u>   | <u>      </u>      |
| 2. Looking at events that have taken place and thinking about how they affect the business is (A) analyzing; (B) recording; (C) classifying, (D) summarizing; (E) reporting.                                                                                                                                                                                           | <u>  A  </u>   | <u>      </u>      |
| 3. The Sarbanes-Oxley Act (SOX) was passed by Congress to (A) keep all managers from doing something illegal; (B) require that all companies send reports to the government; (C) improve reporting by public companies; (D) give the Securities and Exchange Commission (SEC) legal rights; (E) allow public accounting firms to provide management advising services. | <u>  C  </u>   | <u>      </u>      |
| 4. The amount by which the business assets exceed the business liabilities is (A) net income; (B) owner's equity; (C) revenue; (D) A & C; (E) B & C.                                                                                                                                                                                                                   | <u>  B  </u>   | <u>      </u>      |
| 5. Rod paid \$1,000 for the month's rent. This transaction would (A) increase an asset and decrease an asset; (B) increase an asset and increase a liability; (C) decrease an asset and increase owner's equity; (D) decrease an asset and decrease owner's equity; (E) increase two asset accounts.                                                                   | <u>  D  </u>   | <u>      </u>      |
| 6. Ken paid \$400 cash for services he had received earlier in the month. This transaction would (A) increase an asset and decrease an asset; (B) increase an asset and decrease a liability; (C) increase an asset and increase owner's equity; (D) decrease a liability and increase owner's equity; (E) none of these.                                              | <u>  E  </u>   | <u>      </u>      |
| 7. Owner's equity is <u>not</u> affected by (A) investments; (B) withdrawals by the owner; (C) profits; (D) losses; (E) all transactions.                                                                                                                                                                                                                              | <u>  E  </u>   | <u>      </u>      |
| 8. Mr. T invested \$20,000 in cash into his business. This transaction would (A) increase assets and decrease owner's equity; (B) decrease assets and increase owner's equity; (C) decrease assets and decrease liabilities; (D) increase assets and increase owner's equity; (E) none of these.                                                                       | <u>  D  </u>   | <u>      </u>      |
| 9. Which of the following accounts is a liability? (A) Accounts Payable; (B) Sales; (C) Prepaid Insurance; (D) Retained Earnings; (E) Drawing.                                                                                                                                                                                                                         | <u>  A  </u>   | <u>      </u>      |
| 10. Which is an example of a merchandising business? (A) a car manufacturer; (B) a dentist; (C) a toy factory; (D) a pharmacy; (E) a travel agency.                                                                                                                                                                                                                    | <u>  D  </u>   | <u>      </u>      |

1&2-3

### Section C

*Directions:* Match the letter corresponding to one of the basic elements of accounting to each of the accounts below. A = Asset, L = Liability, and O = Owner's Equity. (2 points for each correct answer)

- |                       |       |
|-----------------------|-------|
| a. Prepaid Insurance  | __A__ |
| b. Rent Expense       | __O__ |
| c. Accounts Payable   | __L__ |
| d. Delivery Equipment | __A__ |
| e. T. Smart, Drawing  | __O__ |

### Section D

Rory Alia has started her own business. During the first month, the following transactions occurred.

- She invested \$10,000 cash in the business.
- Paid \$800 for insurance for the next 12 months.
- Purchased a computer on account for \$1,200.
- Received \$500 cash from a client for professional services rendered.
- Paid \$200 office rent for the month.
- Paid \$300 on account for the computer purchased in (c) above.

*Directions:* Using the lines provided below, show the effect of each transaction on the basic elements of the accounting equation: assets, liabilities, and owner's equity. Compute the new amounts for each element after each transaction to show that the accounting equation has remained balanced. (30 points total)

| ASSETS |           |   | LIABILITIES |  | OWNER'S EQUITY |
|--------|-----------|---|-------------|--|----------------|
| (a)    | +\$10,000 | = |             |  | + \$10,000     |
| Bal.   | 10,000    | = |             |  | 10,000         |
| (b)    | - 600     | = |             |  |                |
|        | + 600     |   |             |  |                |
| Bal.   | 10,000    | = |             |  | 10,000         |
| (c)    | + 1,200   | = | +\$1,200    |  |                |
| Bal.   | 11,200    | = | 1,200       |  | 10,000         |
| (d)    | + 500     | = |             |  | + 500          |
| Bal.   | 11,700    | = | 1,200       |  | 10,500         |
| (e)    | - 200     | = |             |  | - 200          |
| Bal.   | 11,500    | = | 1,200       |  | 10,300         |
| (f)    | - 300     | = | - 300       |  |                |
| Bal.   | \$11,200  | = | \$900       |  | \$10,300       |

| 1. It is important to learn the language of business in order to understand the impact of economic events on a specific company.                    | __T__          | _____              |
| 2. Common, everyday terms have very precise meaning when used in accounting.                                                                        | __T__          | _____              |
| 3. In a corporation, the personal assets of stockholders cannot be taken to pay creditors.                                                          | __T__          | _____              |
| 4. All accountants must be licensed as Certified Public Accountants.                                                                                | __F__          | _____              |
| 5. A business that purchases a product from another business to sell to customers is called a service business.                                     | __F__          | _____              |
| 6. The heading of financial statements contains only the name of the business and the name of the statement.                                        | __F__          | _____              |
| 7. A business entity is an individual, association, or organization that engages in economic activities but has no control over economic resources. | __F__          | _____              |
| 8. The three basic accounting elements—assets, liabilities, and owner's equity—exist for every business.                                            | __T__          | _____              |
| 9. If a business has no business liabilities, the owner's equity is equal to the total assets.                                                      | __T__          | _____              |
| 10. Accounts Receivable represents the amount of money that a business owes to its creditors as a result of purchasing "on account."                | __F__          | _____              |
| 11. Other terms used for owner's equity include net worth and capital.                                                                              | __T__          | _____              |
| 12. All business transactions affect the accounting equation through specific accounts.                                                             | __T__          | _____              |
| 13. Expenses either increase liabilities or increase assets.                                                                                        | __F__          | _____              |
| 14. Financial statements are an important output of the accounting process.                                                                         | __T__          | _____              |
| 15. The income statement is also referred to as a statement of financial position.                                                                  | __F__          | _____              |

**Section B**

*Directions:* Complete each of the following statements by writing in the Answers column the letter of the word or words that correctly completes each statement or answers the question. (3 points each)

|                                                                                                                                                                                                                                                                                                                                         | <u>Answers</u> | <u>For Scoring</u> |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|--------------------|
| 1. Information needed by users of accounting data includes (A) the firm's profitability; (B) detailed measures of the firm's performance; (C) the firm's outstanding debt; (D) the firm's inflow and outflow of cash; (E) all of these.                                                                                                 | <u>  E  </u>   | <u>      </u>      |
| 2. Entering financial information about business events into the accounting system is called (A) recording; (B) classifying; (C) interpreting; (D) analyzing; (E) reporting.                                                                                                                                                            | <u>  A  </u>   | <u>      </u>      |
| 3. A business that purchases a product from another business to sell to customers is called a (A) service business; (B) merchandising business; (C) manufacturing business; (D) nonprofit business; (E) warehousing business.                                                                                                           | <u>  B  </u>   | <u>      </u>      |
| 4. A public accountant probably would <u>not</u> (A) advise on management issues; (B) audit financial information; (C) prepare tax returns; (D) prepare client budgets; (E) A public accountant would do all of these.                                                                                                                  | <u>  D  </u>   | <u>      </u>      |
| 5. If assets are \$130,000 and liabilities are \$25,000, owner's equity is (A) \$155,000; (B) \$130,000; (C) \$105,000; (D) \$25,000; (E) \$0.                                                                                                                                                                                          | <u>  C  </u>   | <u>      </u>      |
| 6. Alva provided services totaling \$800 on account for a customer. This transaction would (A) increase an asset and decrease an asset; (B) increase a liability and increase an asset; (C) decrease an asset and decrease a liability; (D) increase an asset and increase owner's equity; (E) decrease two asset accounts.             | <u>  D  </u>   | <u>      </u>      |
| 7. Torilyn bought a \$45,000 delivery van on account. This transaction would (A) increase an asset and decrease an asset; (B) decrease an asset and decrease owner's equity; (C) decrease a liability and increase owner's equity; (D) increase a liability and increase an asset; (E) increase an expense and decrease owner's equity. | <u>  D  </u>   | <u>      </u>      |
| 8. The income statement provides information about (A) assets; (B) revenues; (C) owner's equity; (D) liabilities; (E) all of these.                                                                                                                                                                                                     | <u>  B  </u>   | <u>      </u>      |
| 9. Which of the following would <u>not</u> decrease owner's equity? (A) sales; (B) withdrawals of cash by the owner; (C) more expenses than revenues during the period; (D) expenses incurred; (E) none of these.                                                                                                                       | <u>  A  </u>   | <u>      </u>      |
| 10. Which in <u>not</u> an example of a service business? (A) a hair salon; (B) a doctor; (C) an accountant; (D) a bookstore; (E) all are service businesses.                                                                                                                                                                           | <u>  D  </u>   | <u>      </u>      |

1&2-3

### Section C

*Directions:* Match the letter corresponding to one of the basic elements of accounting to each of the accounts below. A = Asset, L = Liability, and O = Owner's Equity. (2 points for each correct answer)

- a. Accounts Receivable                        A
- b. Supplies                                        A
- c. Fees for Services                            O
- d. C. Fallon, Capital                            O
- e. Prepaid Utilities                             A

### Section D

Felix Ruiz has started his own business. During the first month, the following transactions occurred.

- (a) He invested \$59,000 cash in the business.
- (b) Purchased supplies for cash, \$3,000.
- (c) Provided services on account, \$3,700.
- (d) Purchased a computer on account, \$850.
- (e) Received \$500 cash on account from a client.
- (f) Withdrew \$2,000 for personal use.

*Directions:* Using the lines provided below, show the effect of each transaction on the basic elements of the accounting equation: assets, liabilities, and owner's equity. Compute the new amounts for each element after each transaction to show that the accounting equation has remained balanced. (30 points total)

| <u>ASSETS</u> |           |   | <u>LIABILITIES</u> | <u>OWNER'S EQUITY</u> |
|---------------|-----------|---|--------------------|-----------------------|
| (a)           | +\$59,000 | = |                    | +\$59,000             |
| Bal.          | 59,000    | = |                    | 59,000                |
| (b)           | - 3,000   | = |                    |                       |
|               | + 3,000   |   |                    |                       |
| Bal.          | 59,000    | = |                    | 59,000                |
| (c)           | + 3,700   | = |                    | + 3,700               |
| Bal.          | 62,700    | = |                    | 62,700                |
| (d)           | + 850     | = | +\$850             |                       |
| Bal.          | 63,550    | = | 850                | 62,700                |
| (e)           | - 500     | = |                    |                       |
|               | + 500     |   |                    |                       |
| Bal.          | 63,550    | = | 850                | 62,700                |
| (f)           | - 2,000   | = |                    | - 2,000               |
| Bal.          | \$61,550  | = | \$850              | \$60,700              |

This transaction would (A) increase an asset and decrease an asset; (B) decrease an asset and decrease owner's equity; (C) decrease a liability and increase owner's equity; (D) increase a liability and increase an asset; (E) increase an expense and decrease owner's equity. | _____          | _____              |
| 8. The income statement provides information about (A) assets; (B) revenues; (C) owner's equity; (D) liabilities; (E) all of these.                                                                                                                                                                                                     | _____          | _____              |
| 9. Which of the following would <u>not</u> decrease owner's equity? (A) sales; (B) withdrawals of cash by the owner; (C) more expenses than revenues during the period; (D) expenses incurred; (E) none of these.                                                                                                                       | _____          | _____              |
| 10. Which in <u>not</u> an example of a service business? (A) a hair salon; (B) a doctor; (C) an accountant; (D) a bookstore; (E) all are service businesses.                                                                                                                                                                           | _____          | _____              |

1&2-3

### Section C

*Directions:* Match the letter corresponding to one of the basic elements of accounting to each of the accounts below. A = Asset, L = Liability, and O = Owner's Equity. (2 points for each correct answer)

- a. Accounts Receivable \_\_\_\_\_
- b. Supplies \_\_\_\_\_
- c. Fees for Services \_\_\_\_\_
- d. C. Fallon, Capital \_\_\_\_\_
- e. Prepaid Utilities \_\_\_\_\_

### Section D

Felix Ruiz has started his own business. During the first month, the following transactions occurred.

- (a) He invested \$59,000 cash in the business.
- (b) Purchased supplies for cash, \$3,000.
- (c) Provided services on account, \$3,700.
- (d) Purchased a computer on account, \$850.
- (e) Received \$500 cash on account from a client.
- (f) Withdrew \$5,000 for personal use.

*Directions:* Using the lines provided below, show the effect of each transaction on the basic elements of the accounting equation: assets, liabilities, and owner's equity. Compute the new amounts for each element after each transaction to show that the accounting equation has remained balanced. (30 points total)

| ASSETS | LIABILITIES | OWNER'S EQUITY |
|--------|-------------|----------------|
| (a)    |             |                |
|        |             |                |
|        |             |                |
|        |             |                |
| (b)    |             |                |
|        |             |                |
|        |             |                |
|        |             |                |
| (c)    |             |                |
|        |             |                |
|        |             |                |
|        |             |                |
| (d)    |             |                |
|        |             |                |
|        |             |                |
|        |             |                |
| (e)    |             |                |
|        |             |                |
|        |             |                |
|        |             |                |
| (f)    |             |                |
|        |             |                |
