SHORT RESPONSE

16 : List three types of speech anxieties or uncertainties which affect public speakers and the questions they force the speakers to ask themselves.

Correct Answer : Any three of these seven: 1. the speaker's role? what should I do? 2. my speaking abilities? what am I able to do? 3. my ideas? how well do I know my topic? 4. the audience's response? how will others react? 5. the setting? how familiar/unfamiliar is the space? 6. the technology? will the technology work? 7. how others will evaluate me? what impressions will I make?

17 : Discuss how you can use visualization, relabeling, and relaxation to manage speech anxiety, build confidence, and improve your effectiveness when you speak.

Correct Answer : Visualization- Visualize yourself giving a successful speech by thinking through the sequence of events that will make up the speech in a positive, detailed, concrete, and step-by-step way. Focus on the positive! Relabeling- Replace negative words and phrases and anxious feelings with positive ones. Relaxation- Using relaxation techniques such as breathing exercises can help reduce nervousness and reduce the physical symptoms of stress, thus increasing your confidence.

18 : In what ways is choosing the topic of your speech important to the success of your speech?

Correct Answer : If you are interested in your topic, you will focus more on it and less on yourself. Choosing a topic you are passionate about will put you at ease and make you more comfortable speaking. If certain topics make you anxious, then you should avoid them.

19 : Briefly mention four ways to manage your anxiety on the day of your speech.

Correct Answer : Any four of these seven: 1. Dress for the occasion. 2. Keep all your notes and materials organized. 3. Arrive early. 4. Practice your breathing techniques. 5. Warm up your voice. 6. Make sure all technical aspects of your speech are ready. 7. Concentrate on the other speakers and speeches.

20 : In what ways can you turn your fear of public speaking into something positive?

Correct Answer : Your fears can motivate you to prepare better for your speech by making you more focused on things like researching, organizing, and practicing thoroughly for your speech. This will in turn make for a better speech and a much more positive experience for the speaker.

21 : Discuss the two main causes of speech anxiety, giving examples of each cause.

Correct Answer : The two main causes are temperament and how a person has learned to respond to uncertainty in situations. Examples include: people who are generally uncomfortable in social situations, may have low self esteem, are shy, and enjoy activities on their own. Situations that may cause uncertainty are those that aren't experienced every day, such as job interviews or public speeches.

MULTIPLE CHOICE

22 : ____ theory believes people become anxious when faced with uncertain or unfamiliar

situations.
